Education

BSc Computer Science

Kaveri college of Arts Science and Commerce
2023-2026

Skills

- JavaScript
- HTML
- CSS
- Java
- Python
- SQL
- Node.js
- PHP

Projects

Internet Controlled RC Car (IoT)

This project is an internet-controlled car built using an ESP32 microcontroller programmed in C. The ESP32 manages processing user commands in real time for smooth movement and direction changes. The setup demonstrates core IoT principles

Typing Speed Tester

A Web app designed to measure typing speed. The typing speed calculation follows a standard, industry-recognized formula to ensure accurate and reliable results.

Portfolio Website

Developed a personal portfolio website to showcase projects, skills, and experience. Designed a responsive layout, clean navigation, and structured content for professional presentation. (Link in contact)
